from LA OPALA[®]

INDIA'S NO. 1
TABLEWARE BRAND

Scratch Resistance

The extraordinary glazing fired under highly controlled conditions ensures strong resistance to scratches and abrasions.

Dishwasher Safe

Advanced technology and process used for tempering ensures far greater resistance to impact and thermal shock to make Diva range safe to use in the dishwasher.

Microwave Safe

All our range of products are completely safe to use in the microwave.

Super Light

The European technology used to craft these products ensures much lighter and significantly thinner wares with almost zero surface porosity.

Super white

Enhanced whiteness is an outstanding feature with the Diva collection. We use the finest quality of chemical components to enhance the subtle glow of opal, making it whiter than ever.

100% Hygienic

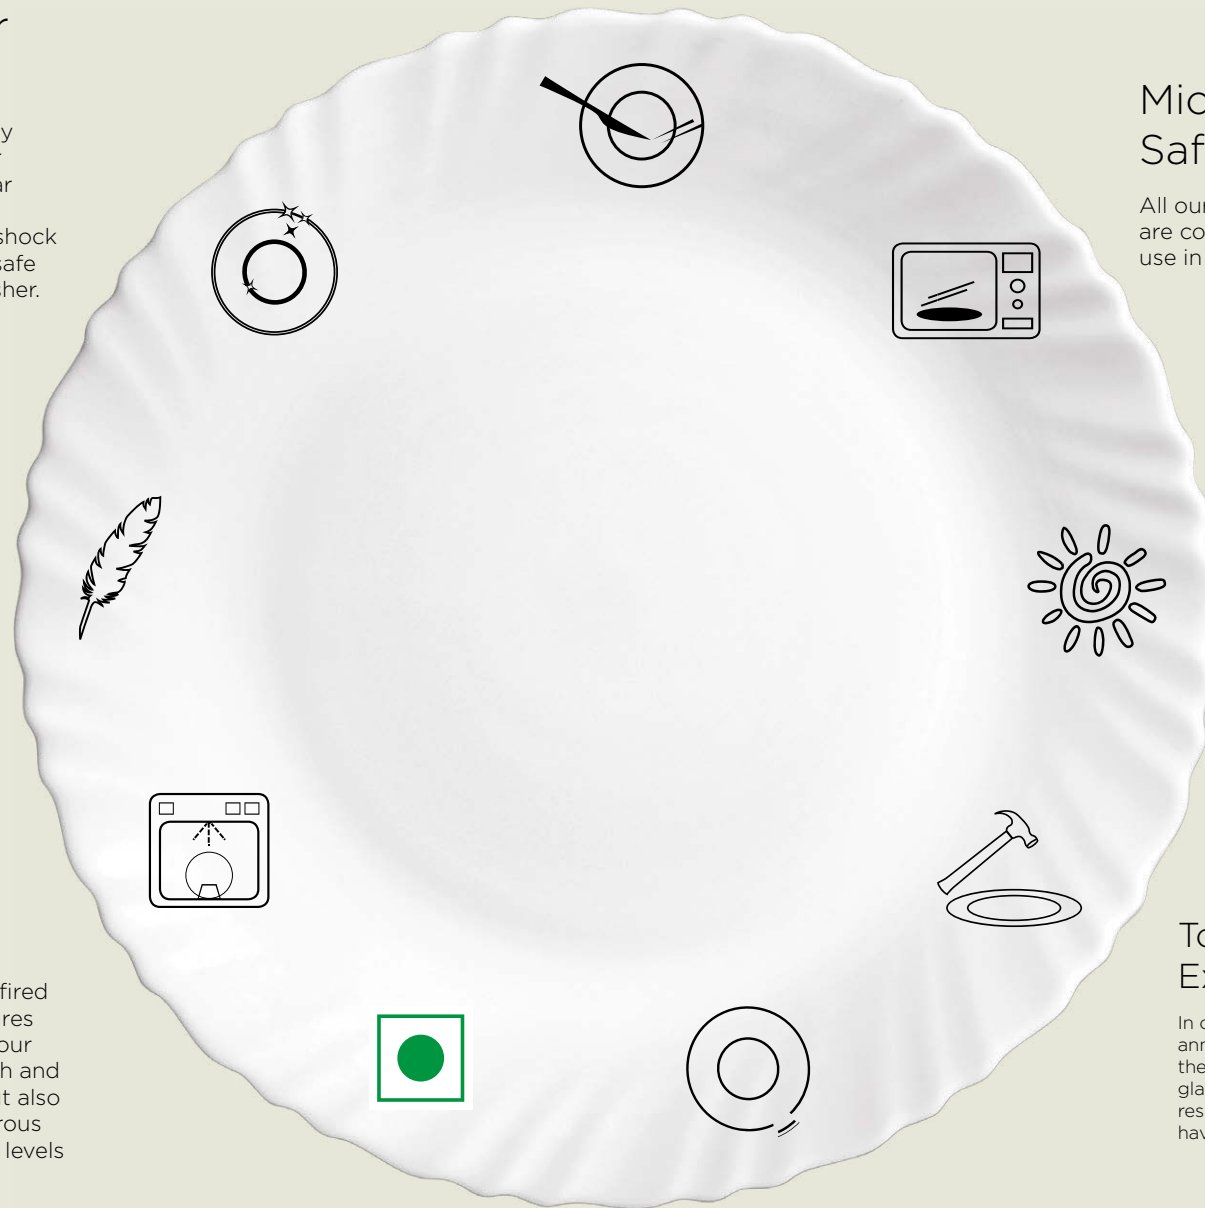

The special glaze fired at high temperatures not only gives all our products a smooth and polished finish, but also ensures a non-porous surface for higher levels of hygiene.

Bone Ash Free

Our products are completely bone ash-free, meaning 100%-vegetarian.

Break Resistant

In an unlikely event of breakage, Diva tempered opal glassware shatters into harmless fragments, in contrast to the annealed glassware.

Diva[®]
from LA OPALA[®]

La Opala, the first to introduce Opal Glass technology in India in the year 1988. Since then, it has relentlessly kept focusing on consumers and their needs; in doing so, La Opala captured the lifestyle market of different segment of consumers. Today it is the most popular and number one opalware brand of India. In its endeavor to service the consumers, it has created one of the widest distribution networks in the country. To offer a wide range to the consumers, over a period of time, many brands and product variants have been created. Moreover, La Opala's well-developed R&D expertise and capable design teams have successfully created elegant products and stylish designs to satisfy the constantly evolving needs of consumers. Being guided by this philosophy, in 2008, La Opala introduced its most fashionable range of Opalware, 'Diva', that ranks among the finest in the world. This new brand was crafted at our new state-of-the-art, fully-automated plant, equipped with European technology at Sitargunj. The first collection from Diva, known as the 'Classique Collection', was launched as an exquisite range of tableware that stands out for its milky white glaze and chic designs.

To serve consumers fond of international styling the new 'Ivory Collection' was introduced. For the young and trendy consumers, La Opala demonstrated its confidence to break away from the long established tradition of round shapes and launch a new range in square to offer the experience of square dining. We called this the Quadra Collection.

Finally, to give our consumers a dining experience inspired by royalty, Diva from La Opala launched its latest collection, the Sovrana collection.
